A dozen staff needed!! Help!!

I knew I shouldn't count the vacant positions, now I am sure that we're in a desperate situation.

So, we need a cleaner, a redrawer and a typesetter for ***Satanophany***.

We also need the same trio for ***Nanba MG5***.

And for ***Impossibility Defence***.

Yeah, you heard it right, we are in need of nine editors for just these three series. (Unless, of course, you want to do more than one.)

We also need a typesetter for ***Revenge Classroom***.

And a cleaner for ***Ouroboros***.

Our cleaning test is at: https://goo.gl/K8b9ON

Our typesetting test is at: https://goo.gl/wv7KcU

For ***Satanophany*** and ***Nanba MG5***, the redrawing test is at https://goo.gl/KIuWmE. For ***Impossibility Defence***, it is at https://goo.gl/qfnsc6 .

We also need a cleaner for ***Sprite***, but the test for this one is special: https://goo.gl/okouJB .

We are also inviting translators for ***Shounen Y*** and ***Psychic Odagiri Kyouko's Lies***. Our test is at https://i.imgur.com/THUEuuk.jpg .

For all positions except translation, applicants should bundle their tests in a compressed file (ZIP, RAR, 7Z, whatever), upload it to a cloud service and and either post the link in our home page (http://bit.ly/2kC40Zk) or send it to me as a PM (Wraith at deathtollscans.net). We expect them to be able to do a chapter in a week (though there are no control freaks here, we understand real life issues as well as anyone). We've had compatibility issues with GIMP files before, so we require applicants to use Photoshop.

People with experience who want to bypass the test on account of having samples of past work will have the test replaced by an actual chapter of the series they want to work on. This still means it is a test: if you fail, the chapter edited by you won't be used. It's high risk (having an entire chapter discarded because you didn't pass), high gain (working on something that will actually be used instead of a test). People without experience can't take that route, at least in principle. (If you contact me and I am in a good mood, I may let you have a try at your own risk, but don't count on it.)

(Damn, we need a dozen scanlators to get all our projects going. How did things become like this? Three years ago our only series was Ouro!!)

Well, there you have it. You have forced a group in dire straits to begin a new project when they ought to concentrate on finding people to do their ongoing ones. Feeling guilty? Good, then apply, please!
